CLINGING
WOMAN**

You and your partner smuggles refugees into the country, to make an extra buck. They are always pretty nervous, so we generally try to calm them down by talking about what makes this country great. First and foremost, of course, is THE KING, the one person who best defines THE AMERICAN WAY OF LIFE. After all, it isn't so strange that they want to move to here, I mean even the car chases are better in Texas. How the fuck could you live elsewhere?

You and your partner smuggles refugees into the country, to make an extra dollar. They are always pretty nervous, so we generally bullshit them about how great this country is. A few tips down the road, and things like that. I mean, life's probably been quite hard on them. Starvation, excrement and communism. Everyone are dressed in identical clothes.

He was wonderful, better than anyone else, bigger than everybody else. You are crying, of happiness. He wonderful, and you have to tell your husband. He did promise to marry you tomorrow.

You came straight off the boat. The nice men hid you in the truck. It seems like everything you've heard about AMERICA is true. Everyone is nice and everything is big. You'll like it here.

The fullest and richest act of love you've ever been in on. You cannot let go of this LOVE MACHINE. Tomorrow, you'll go for a long drive in his Jaguar.

You are trembling of lust. Never before has something like this happened to you. You still feel the orgasm. He promised to take you to dinner tomorrow.

Oh, God! He survived! But who took him to the hospital?

Three down, but where did the fourth one go?
I think it was the black-haired one's sister. I was planning on doing the entire square dance team...

The boy was rescued by some unknown saviour. Nothin unusual about that, the unusual thing was how the boy was dressed. In some kind of trash musical outfit. Disgusting.

Not a tear on his face, not a tear on his face! I'm so proud. He is walking in the footsteps of his ancestors.

Phew. We'll start our lives over now, after the accident. A new leaf in the history of our family.

You've finally gotten home from the hospital. The wig you've had made for you in utmost secrecy is in a bag. The missus and kids, bloody hell! You're so fed up with all this shit, being a dad and whatnot. Maybe the best thing that ever happened to you was getting that 2-by-4 on you in the fire. Now, let a man do what a man's gotta do.

HUSBAND**

Dad is coming home! Maybe he brings presents! I pity him. Bandages and all.

Dad is strong. Of course a little fire couldn't kill him Dad.

What a woman! She does justice to a emerald-coated Elvir overall to the last carat. TLC, Tender Loving Caring was engraved in the ring I got her. This is going to be great, I feel it. I'll live this day to the fullest. This is definitely going to be my last marriage.

What a wonderful man. This is going to be a heck of a wedding. And what a marriage. Look at his muscles, his style. And he likes Elvis, thank god. Otherwise, it wouldn't have happened.

A wife like this is only going to cause trouble, from start to finish. Whe she ran off, you would take the bike and start going from place to place, looking. Dance palaces, bars, creepy parks, they all sucked her in. You'd have to hit her, and she always knew she'd come crawling back.

Working in this chapel, telling one day from another becomes hard. New customers, more paperwork (an X here, sign here and here... and here) and some even faster marriages. Then you read out loud from the bible. Good selections are listed in the back. Then you puch the confetti button and accept the money. Here they are, the papers. Let the show begin.

A comical stunt. That'd rake money in like crazy. I mean, you've had a nice entry to a club and just have to break even on the gig. The audience is always full of talent scouts and boy do we want to impress those.
Buckle up, boys and girls.

What a guy! I need him. I'll promise him a contract up front. He can't refuse that.

This boy turns me on. I need him NOW! I wonder if he prefers Nietzsche to Schopenhauer. I'm a Kant-gird myself.

He is the most beautiful man I ever saw. My kneas are weak. I'll treat him to mayo. That'll get him into my bed.
